

# ALUMINIUM LOG HOMOGENIZING CENTERS

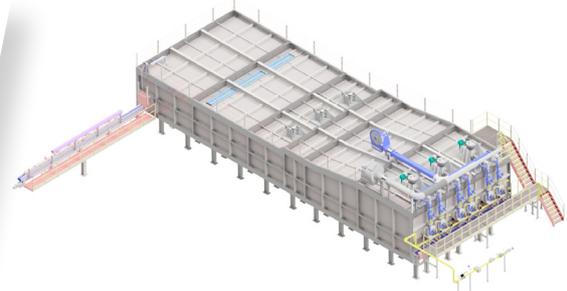

CONTINUOUS OR BATCH TYPE

# ALUMINIUM LOG HOMOGENIZING CENTERS

CONTINUOUS OR BATCH TYPE

Let us first decide which one is suitable for you! Batch Type or Continuous Type?

Both options are available according to your needs as well as your layout requirements.

Sistem Teknik offers 10 to 110 tons/batch capacity for Batch Type furnaces & 2 to 15 tons/h capacities for Continuous Type furnaces with less than  $\pm 5$  °C temperature homogeneity.

By means of stacking & destacking systems unmanned operation is possible with easy and safe handling of the logs.

The main subject to cool down the billets with 3 to 9 °C/min. High cooling rate is possible with reversible air flow by air + water mist in cooling cabinets. And 13°C/min cooling rates in continuous homogenisation systems.

Unmanned Cold Sawing Systems with single or double blade saws are available according to the customer needs.
